BENEFIT

We have established relationships with the waste processors and disposers and are financially sound to ensure our **ability to service your current and future needs.**

We are fully licensed, permitted and insured, including a Tennessee license for delivery.

We are not bound to a particular processor or disposal facility and can therefore, **utilize the disposal method best suited to your needs.**

Our licensed laboratory allows us to provide immediate support for radioanalysis, thus the **ability to expedite your results.**

You are assured of **competent support and sound, cost effective options.**

You will have peace of mind that your waste will be **handled in compliance with all applicable regulations.**

You have assurance that all documents are **accurately prepared to expedite approval and shipment of waste.**

We will keep you informed of emerging technologies and **offer the best disposal options for your needs.**

You are assured that the packaging and manifesting for **mixed wastes are in compliance with NRC, DOT and RCRA.**

You are **assured of complete coverage** for any errors or omissions and during packaging and transport of your waste.
